SAMPLE NATIONAL HIGH SCHOOL

Least Mastered Competencies

Science 7 – Quarter 1 Quiz

CLASS **Grade 7 – Sampaguita (Simple scorebook)**	LEARNING AREA **Science**	TERM · SCORE COLUMN **TERM1 · WW1**
NUMBER OF ITEMS **20**	LEARNERS TESTED **1**	SCHOOL YEAR **2026–2027**
PAPERS CHECKED **October 29, 2026**	DATE OF REPORT **October 29, 2026**	

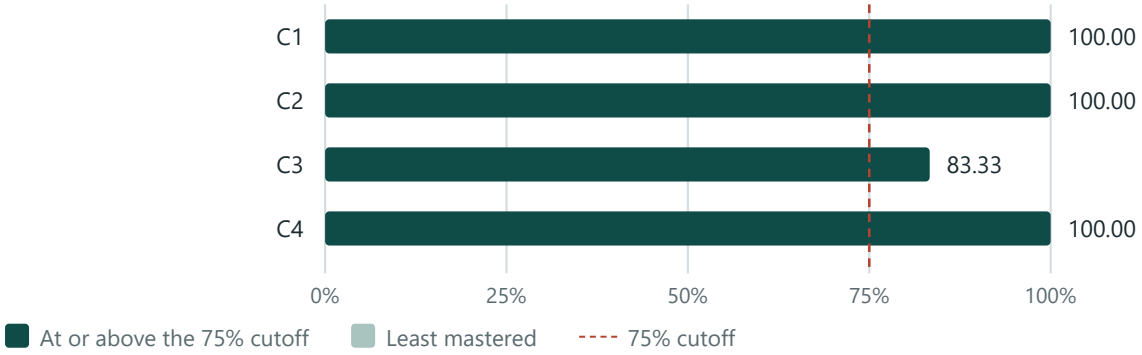

I. Mastery of Competencies

Table 1. Mean Percentage Score and Mastery Level per Competency, Least Mastered First

Rank	Ref.	Competency	Items	MPS	Mastery Level	Learners Below Cutoff	Remark
1	C3	Pure substances and mixtures (S7MT-Ic-3)	11–16	83.33	Moving Towards Mastery	0	—
2	C1	Scientific investigation (S7MT-Ia-1)	1–4	100.00	Mastered	0	—
3	C2	Properties of solutions (S7MT-Ib-2)	5–10	100.00	Mastered	0	—
4	C4	Acids and bases (S7MT-Id-4)	17–20	100.00	Mastered	0	—

Note. MPS per competency uses only its own items. Mastery levels follow the DepEd National Achievement Test criteria. Least mastered = below 75 percent.

Figure 1. Mean Percentage Score per Competency

Interpretation

Of the 4 competencies assessed, 0 fell below the 75 percent cutoff and are considered least mastered.

The lowest is Pure substances and mixtures (C3) with an MPS of 83.33, described as Moving Towards Mastery; 0 of the 1 learner scored below the cutoff on it.

The highest is Acids and bases (C4) with an MPS of 100.00, described as Mastered.

Recommendations

1. Proceed to the next competencies, since every competency assessed reached the 75 percent cutoff, and provide enrichment for proficient learners.
2. Use the learner competency matrix to group learners by the competencies they missed.

Notes on Computation

- A competency's MPS uses only the items assigned to it in the Table of Specifications: correct answers on those items ÷ (its items × learners) × 100.
- A competency below 75 percent is listed as least mastered (the cutoff is set in Settings).
- This report records results only; it does not compute or replace grades.
