I. Learner Competency Matrix

C1 Scientific investigation (items 1–4)
C2 Properties of solutions (items 5–10)
C3 Pure substances and mixtures (items 11–16)
C4 Acids and bases (items 17–20)

Table 1. Percentage of Each Competency's Items Answered Correctly, per Learner

Learner	Overall (%)	C1	C2	C3	C4	Below Cutoff
CRUZ, Paolo	95.00	100	100	83	100	0

Note. Shaded cells are below the 75 percent cutoff. Cell values are rounded to whole percentages.

Interpretation

Each cell shows the percentage of a competency's items that the learner answered correctly; cells below 75 percent are shaded.

Of the 1 learner, 0 (0.00%) scored below the cutoff in at least one competency.

Notes on Computation

- Each cell = the learner's correct answers on that competency's items ÷ its items × 100.
- This report records results only; it does not compute or replace grades.
